Orphanage & Humanitarian Centre

# Afrah Orphans

Non-Profit Orphanage & humanitarian centre

## OUR MISSION

To improve living conditions of the poor and vulnerable orphans, widows & disabled group within the communities by helping them with all their needs regardless of their age, tribe, and faith by creating educational opportunities, and community health care services for the up-coming generations.

## WHAT WE DO

Afrah Orphans Centre is a non-profit humanitarian institution dedicated to work with the most vulnerable in the society especially orphan children, widow women, and people living with disabilities in Dayniile district South Central Zone of Somalia, to achieve their full potentials by alleviating poverty, diseases, and illiteracy.

Afrah Orphans Centre was founded in March 2018 by a group of professionals of various academic skills with wide range of experiences committed purely to philanthropic socio-economic related activities, touched by the suffering and the plight of the people of Somalia generally, and particularly by the orphan children, widow women and disabled groups.

The founders of Afrah Orphans Centre, and management seek to find enduring and sustainable home-grown solutions to those in need through education of young generation in order to alleviate poverty, and illiteracy.

## WHOM WE SERVE?

We serve a group of over 97 (ninety-seven) orphan's, 52 (fifty-two) widows and 16 disabled people in Dayniile district South Central Zone of Somalia, as the number increases Afrah Orphans Centre cannot cover all those raising needs unless we are assisted financially by good will-donors.

## MAIN CHALLENGES

Our turn up searching for new registration is high unfortunately Afrah Orphans can't increase the number due to financial problems the institution faces presently.
