

COMMUNITY FOR CLIMATE ACTION NORTH ETOBICOKE

CONNECTING THE COMMUNITY, ACTIVATING PEOPLE TO TAKE ACTION ON CLIMATE CHANGE

Did you know 92% of Torontonians agree climate change threatens personal health and well-being? At the same time, nearly half do not know what they can do to address it. The good news is: there are solutions in your area, and The good news is: there are solutions in your area, and you can be part of them!

Creating a platform for partnership, knowledge and opportunities to take action at the individual and community level on our City's key emission areas:

CLIMATE EDUCATION AND PROJECTS

Join ClimateFast and community partners for discussions on climate change issues locally and globally and create action plans with community members. Participate in a Kitchen Table Climate Conversation (KTCC) and learn to host one too. Add your voice to the North Etobicoke Climate Action Charter!

ACTIVE TRANSPORTATION

38% of harmful emissions in Toronto come from transportation. Cycling provides multiple health benefits, and reduces your carbon footprint and pollution. Join us alongside CycleTO to participate in training classes on cycling and advocacy for a safe and vibrant cycling city for all. Take your bike to one of our repair sessions or book one out for community use.

WASTE MANAGEMENT AND FOOD SECURITY

10% of harmful emissions in Toronto come from waste. Let's reduce, resume, recycle, recover and regenerate! Join the Community Reduce and Reuse Program (CRRP) to learn more. When food is wasted, all the resources used to produce it are also wasted. Learn about backyard and community gardening and composting.

ENERGY EFFICIENCY AND SAVINGS

52% of harmful emissions in Toronto come from buildings. BetterHomesTO is our one-stop-shop guide to creating a comfortable and climate-friendly home. Learn how you can save energy at home and access energy rebates. Increase your home's efficiency, reduce emissions from energy use, and save on your annual utility bills.

Project Dates: January - April 2021

You could have a free fruit or shade tree planted on your property for participating! Go to www.capnetwork.ca/north-etobicoke to get the details.
